

Down the Drain

How much water do you use?

WATER

Let Us Make You Face To Face With The Future
Ahead AND Show U The Repercussions without
 H_2O

People would go **bald!!!!**

People will have to use **Mineral Oil** Instead
of Water!!!

Children wouldn't know **What is Comb????**

They would be explained that it was a thing used long back to comb hair!!!

People would be surprised and anticipated to find few drops of water

And if they will tell someone about it, then
they would be killed for it....

Let us see the mistakes Man is doing in his present???

People carry their daily tasks with tap open all the time!!

Awake before Its Too.. Late!!!

Thank You
