

Name: _____

**Bees Podcast
Worksheet**

1. Why are bees important? What kind of impact would a reduced population have on an agricultural society?

2. Imagine and describe a bee-less earth.

3. What are some ways bees communicate? What kinds of things would they need to communicate with each other and with other species?

4. Describe the social structure of a beehive. Why is this successful? How does it compare to human societies?
